Let m = Amount after n years (Principal + Interest)

r = The Interest per UR

n = Number of years

A = Annuity

4

$$m = nA + \frac{n(n-1)}{2} rA$$

If $A = 7600$ & $r = .06$

& $m = 62000 + 6200 \times .06 n$

The equation is

$$62000 + 3720n = 7600n + \left(\frac{n(n-1)}{2} \times .06 \times 7600\right)$$

$$= 7600n + \left(\frac{n(n-1)}{2} \times 456\right) \quad 228$$

~~$31000 + 1860n = 7$~~

$$62000 + 3720n = 7600n + 228n^2 - 228n$$

$$228n^2 + 3652n = 62000$$

$$n^2 + \frac{913}{57} n = \frac{15500}{57}$$

$$n^2 + \frac{913}{57} n + \left(\frac{913}{57 \times 2}\right)^2 = \frac{15500}{57} + \left(\frac{913}{57 \times 2}\right)^2$$

$$n + \frac{913}{57 \times 2} = \sqrt{\frac{15500}{57} + \frac{833569}{(57 \times 2)^2}}$$

$$= \sqrt{\frac{433569}{(57 \times 2)^2}} = \frac{12996}{}$$

$$n = \frac{433569}{(57 \times 2)} - \frac{913}{57 \times 2}$$

$$n = \frac{2082}{57 \times 2} - \frac{913}{57 \times 2}$$

$$= \frac{1169}{114} = 10\frac{29}{114} \text{ or } 11 \text{ years nearly}$$

Remark: Since we cannot obtain an integral number of years we cannot exactly get the desired amount, but we can get it nearly in 11 years

$$n = nA + \frac{n(n-1)}{2} rA$$

5

If $A = 6200$ & $r = .05$

& $n = 6200 + (6200 \times .05 n)$

The equation is

$$6200 + (6200 \times .05 n) = 7600 n + \left(\frac{n(n-1)}{2} \times .05 \times 7600\right)$$

$$6200 + 3100 n = 7600 n + 190 n(n-1)$$

$$= 7600 n + 190 n^2 - 190 n$$

$$190 n^2 + 4310 n = 6200$$

$$n^2 + \frac{431}{19} n = \frac{6200}{19}$$

$$n^2 + \frac{431}{19} n + \left(\frac{431}{38}\right)^2 = \frac{6200}{19} + \left(\frac{431}{38}\right)^2$$

$$= \frac{656961}{38^2}$$

$$n + \frac{431}{38} = \frac{\sqrt{656961}}{38}$$

$$n = \frac{379}{38} = 10 \text{ years nearly}$$

$$n + \frac{431}{38} = \frac{2215}{38}$$

$$n = \frac{1782}{38} =$$

Result: The loan is paid in 5 years

The loan will be cleared in nearly ten years

ABSTRACT.

$$m = nA + \frac{n(n-1)}{2} rA$$

$$\text{Amount} = 62000 + 62000 \times .06n$$

$$A = 6800 \quad r = .06$$

Required equation is

$$62000 + (62000 \times .06n) = 6800n + \frac{n(n-1)}{2} \times .06 \times 6800$$

$$62000 + 3720n = 6800n + 204n(n-1)$$

$$62000 + 3720n = 6800n + 204n^2 - 204n$$

$$204n^2 + 2976n = 62000$$

$$n^2 + \frac{719}{51}n = \frac{15500}{57}$$

1. The Kilkandalli Inamdar claims 7 Groves & Shops.

2. The 7 Groves as per margin were fixed to Auction by the Special officers in 1892-93, but the Inamdar obstructed and did not put forward fictitious tenders and attempted to force the sales so as to abnormally raise the value of his Groves. He was therefore threatened and the sale of other Farms proceeded with and the matter was reported to the Dy Comr

for Borders The figures
for 1893–94 & 94–95
are noted against each
grove. The Byconies has
omitted the last grove in
his list The 3 groves last
named in the Byconies
list the Ramdas Ramanés
two brothers present now Lays
do not belong to them. They
were not sold the Amil
reports as the names given
did not tally with those
in the Journals of the Kamdar
The trees are few & scattered
3 The Kamdar claims
8 shops one at each of the
above named villages and
the Sante shop of Kadgimdale
These were not sold in '92-93
for the reason given above
in para 2 As a matter
of fact it has been urged
by the two brothers of
Kamdar that they owned

be fixed since 1853-54. -
The Govt Contractors objected
to their terms opened. The
Public demand is met at
the 3 places first named
by the Govt shops at Ridg
-mau which is said to be
3, 1, 7 1/2 miles off. The 4th
7th exist 2 miles from
Bridgmau and Randaman
Govt shops. The 5th & 6th places
are 2 1/2 & 2 miles off from
the Govt shop of Chuckandaw
-kalli. Thus Govt shops
fully meet the public
demand and if the Indian
shops are opened, they
would affect the sales of
the Govt shops -
4 Two Groves of other
parties & one Indian shop
with 17 Govt shops were
sold in 1892-93. The farmers
have refused access to the
trees by the Manager to
the trees, and the Society

-Rao was asked to sanction
Rs 2 thus advance
estimates to take up the
Peerkote Farms. He deferred
this Farm & the other 4 th were
first sold. In the mean
time, the Examiner was
taken before Jun. Krishna
Rao and accepted Rs 3000
in full clearance of all
his demands. But when
the bond was to be signed
he refused to do so. At
the Dy Comrs request, I
made the Examiner
take up the whole Patch
for 1892-93, pay up the
arrears due to Govt, &
the security amount,
and left no time
what he could get out
of the Party as his share

for

—— for that year. The Inspectors confirmed this.

5. The following table gives the results for 3 years for the Yorkshire Shops & Groves.

6. It will be seen that the Inspectors a proper Valuation the Standard influence must be got rid of. Guardians should be

holding and work the
farms. The Farmer for
1893-94 was one Gadsden
of Kortright but the one
for 1894-95 is one
Thomas Goodrich with
two others as sub Contractors
Now for all these are
under the thumb of the
Indigenous Foreman
this not known. The
Extent of Grove has been
most grossly exaggerated
by the Foreman. Where
he states thousands
exist only a few hund-
-reds are fit to take
the balance are all Last
-hugs and immature
trees, or trees lopped. I
roughly estimated that
there could not have been
more than 600 to 800
trees altogether. Mature

true - nearly.

The worst question of the Claims to prove & Shops and Licence Rev & Examiners is now before the Dr/Comrs? Several Cases are ready & others are in his hands: Until these come up it would be difficult to say what the Examiners' actual Claims would amount to or even what they would be approximately inclined to

To

The Chief Secretary to
the Dewan of Mysore

Sir,

With reference to your
Memo No: 8,725/131 dated 18th Octo
1891, regarding the loan of Rupee
4,000/-, applied for by Pandiyan
Ramana and his brothers in the
Hoskote Taluk, I have the
honor to forward, herewith, Copy
of a detailed report dated
29th August last from Mr.
Vydyanatha Iyer, Assistant

enclosure returned

Commissioner

Commissioner after a personal

inspection of the villages to be
hypothecated for the loan by the
Petitioners and also copies of the
Statements noted in the margin,* A. B. C. & D
furnishing the Statistics called
for by Government, together with
the Vernacular records, as
per list enclosed. The —
information called for by the
Government is contained in
Mr Pittyman the Iyers memorandum
and its enclosures.

2. The chief points
for consideration are, whether
the Petitioners deserve the
Concession sought and whether

the property to be mortgaged
is a Sufficient Security. The
petitioners come from an old
and respectable family and
are as Such, worthy of Specia
Consideration, if the indebted-
-ness was not the Result
of their wreckless Extravagance
From the enquiries made by
Mr Vaithyanatha Iyer and from
the private Enquiries, I have
made; I am Satisfied that
any Extravagance that may be
ascribed to them arose from an
Exaggerated or mistaken high
notion of the family prestige
and honour and that at

did not arise out of a mere
desire of self indulgence or out
of tenderness of character. I
have no hesitation in recom-
-mending that their applicatio
may be favorably considered.
Then as regards the Sufficiency
of the Security, the Annalar and
Mr. Vythyanatha Iyer are both
independently of each other,
of opinion, that the property
to be mortgaged is a Sufficien
Security. details are contained
in the Enclosed Statements. But
these Statements are prepared
from information furnished
by the petitioners and their
agents. Mr. Vythyanatha Iyer

discounts this information largely
and takes one third of their
Estimate as the safest figure
The debt including interest
amount to Rs 62,000/. and if the
Government is pleased to advance
that amount, Mr Vythyanatha
Iyer thinks that the principal
and interest at 6 per cent
will be recoverable within 20
years. Considering the unsatis-
factory character of the data on which the
Estimates are formed, I am
unable to speak with any amount
of certainty, but I think we
may fairly rely on Mr Vithyanatha
Iyer's Estimate. If the Government

The debt will be cleared in less time than 20 years as will be found on actual calculation

sanction the debt, to save risk
I shall first take muchilikas
from the ryots and thus get reliable
data for a safe Estimate of the
value by capitalising the actual
income. To do this now will
take much time and the peti
tioners are hard pressed by
their creditors, who have obtained
judicial decrees: besides we
have no right now to call on
the ryots to give us muchilikas

As regards the rate
of interest to be charged, Mr.
Vythyanatha Iyer proposes 6 per
cent per annum. The amount
being very large, I am disposed

to Recommend that the Govt-
-ment may be pleased to
charge the rate at which their
investments with the Madras
Bank bear interest. The
mortgage is quite as Secure as
the Bank, if not more So.
may add in conclusion that
the petitioners have paid up
their godi

Ramanah and

to Government for a
loan of 40,000 Rupees on
the hypothecation of their

them to liquidate their
debts. This application

Asst officer sent the same
to the Collector of Police
for Enquiry and report
in detail on all the
points mentioned in the
Government Proceedings No
G.25 dated 23rd October 1891
P131
Upon Enquiry the Collector
found that the debt was
40,000 Rupees, that the
interest thereon including
costs of Litigation was
22,000 Rupees, that the
Lands in question were
granted to the grandfather
of the petitioners, that the
Lands to be hypothecated
were worth one lac of
Rupees and stated that
the Loan sought for, may
if granted at a reduced
rate of interest, be
secured on a Space

of 12 years, from the Revenue realization of the Loan Lands. The divided brothers Seenaiyah and Hanumantha Rau, also joined in the request for the Loan and they have agreed to hypothecate their Share in the said villages

As the information collected by the Amildar was vague and did not furnish the required details regarding the relationship that exist between the applicants, their individual Share in each village, the rate at which the adjoining lands are sold, &c, the Amildar was

asked to obtain definite information on the above points. His reports and Statements were sent to me for a Searching Enquiry and report. Accordingly, I Set out to Nidigal on the 17th Ultimo in order to See the Lands to be hypothecated and to collect their financial Statistics on the Spot

I went to the marginally noted villages and inspected Few of the Lands in Every one of them These villages were originally granted to one Venkatakrishnappa

learnt that they had
to incur a portion of
the debts on account
of a long and heavy

this figure for the present,
the Surplus would be

without bearing interest,
will go to discharge

I said proceeding the 6 Grain Assessment in the Gommé Statement.

2. No Chaff part included

3. Vide reply to 1st query.

This sum related to Grass only. Item three of the 6th of the Judicial Examin. This explanation is not applied. The Brigadier Examiner 6th Grass in Gazetteer not Sale in 1892/93 as he stated this point in my note appended to the Gommé Statement. Gommé give the 1555 query as an average, but this is effective. As to 1st provisional Examiner a fair value. This point can only be ascertained at a fair sale uninfluenced by the Examiner. Vide in statement made.

5. There is only one Grass Chaff belonging to another party. Average Sale (Irrigated) 3/- query. This is the only Chaff Khazoor. The right to all Grass Chaff and Grass after Judicial Examiner's are under enquiry in the District office.

The eighth village is in the
Kaiyr Sub Division & included
in Village Vandigudi - I
cannot give you particulars
as once this land tax is
kept in the Treasury for year,
The Collectors give particulars
and I hope the figures I sent
you may serve your purpose -
They may be a little high but
I have done my best to
make a fair estimate -

Yours very sincerely
